LOGNOTE -- Chief, Engineering Support Group -- 1 October 1986

[redacted] of the DDA's Management Staff called to inquire about the status of FBIS' efforts to erect the new microwave tower at Hattontown, VA. The DDA is very interested in this issue and was reported as being willing to intercede with the appropriate Fairfax County politicians if necessary. Our efforts to evaluate alternate microwave routes, plans to use the OIT fiber optic system to HQS, and Internet schedule were reviewed with [redacted]. Since the DDA has a personal interest in the subject I suggested FBIS [redacted] and [redacted] brief him on the current status before he contacts any Fairfax Co. officials. STAT STAT STAT STAT

(cc: D/FBIS, C/Ops, C/FED, ESG/CO, C/AS, C/PROD)
